

Journal Impact Factor of
International Journal of Pharmaceutical Sciences Review and Research
www.globalresearchonline.net

eISSN: 0976-044x - Int J Pharm Sci Rev Res - CODEN: IJPSRR

Dear Author/Reader,

I Editor in-chief, getting lot of mails from the many Authors regarding "what is the Impact factor for my Journal".

Journal Impact Factor is from Journal Citation Report (JCR), a product of Thomson ISI (Institute for Scientific Information). JCR provides quantitative tools for evaluating journals. The impact factor is one of these; it is a measure of the frequency with which the "average article" in a journal has been cited in a given period of time. The impact factor for a journal is calculated based on a three-year period, and can be considered to be the average number of times published papers are cited up to two years after publication. For example, the impact factor 2010 for a journal would be calculated as follows:

A = the number of times articles published in 2008-9 were cited in indexed journals during 2010

B = the number of articles, reviews, proceedings or notes published in 2008-2009

Impact factor 2010 = A/B

And for finding out our self the level of impact and to educate our readers, we (IJPSRR) have calculated the impact factor of our journal using the official formula and same was mentioned in our website:

Calculated 3 years Impact factor of IJPSRR (of 2015) = A/B = 3120*/1226 = 2.544

A = the number of times articles published in 2013-14 were cited in indexed journals during 2015

B = the number of articles, reviews, proceedings or notes published in 2013-2014.

* data collected from all reliable sources, including free sources like..Google scholar, Scopus...

We are happy to announce that our journal is indexed in Scopus (Elsevier) and we our journal received the **SCImago impact factor of 0.65**.

<http://www.scimagojr.com/journalsearch.php?q=19700188319&tip=sid&clean=0>

Please note that this SCImago impact factor will calculated based on the citations in Scopus database only.

ISI Impact factor of our journal is expected in mid of 2017.

Truly,

Dr. Kumar NS,
Editor in-chief,
IJPSRR.
